

Single-Sided F.R.E.D.[®]

The **First Really Easy-to-use Digital ID System** for single-sided ID cards.

Single-Sided F.R.E.D. is ideal for organizations requiring one-sided ID cards. This system is simple to learn, user-friendly, and produces full-color, edge-to-edge ID cards. Single-Sided F.R.E.D. uses Asure ID™ Express Software and an Eltron® P310C Single-Sided Printer and is perfect for creating and printing single-sided, high-resolution cards. Card production takes 25 seconds (144/hour), including full-color graphics, photos, text, bar codes, and signature scans, all with 300 dpi resolution.

Single-Sided F.R.E.D.[®] contains:

Asure ID™ Express Software, Eltron® P310C Printer, 2 Eltron® 5-Panel TrueColours™ Ribbons at 350 images per ribbon, a digital camera, tripod, 500 PVC cards, 500 black break-away lanyards, 500 clear vinyl strap clips, hand-held slot punch with guide, white cloth backdrop, and installation instructions.

Single-Sided F.R.E.D.[®] Applications
